

Mining Engineer

Date Posted: August 5, 2011

Closing Date: August 30, 2011

Tercon is a BC based heavy civil and mine development contractor. We have been providing heavy civil construction services and mine site development since 1981. Tercon is headquartered in Kamloops, BC with offices in Vancouver, Sparwood, and Fort McMurray, AB.

We are currently seeking an experienced Mining Engineer to support our growing operations at our Sparwood, BC location:

Responsibilities:

- Productivity analysis
- Mine Design and Planning
- Drill & blasting design and planning
- Surveying
- Pit optimization
- Budgeting and forecasting
- Daily reporting

Technical Requirements:

- Degree in Mining or Civil Engineering is preferred
- Extensive experience in mining planning
- Must have basic familiarity with large truck & shovel operations or open cast dragline operations
- Excellent interpersonal, communication and organizational skills

Key Competencies:

- Ability to handle large amounts of work efficiently and effectively
- Effectively adapting to tight deadlines, heavy workloads, and changing priorities
- Ensuring that work accomplished is accurate in all relevant aspects
- Acquiring knowledge/ understanding through study, instruction or experience.
